**Subject:** ammonia/recreation criteria letter  
**Attachments:** 2013-12-2%20EPA%20R1%20letter%20to%20CT%20DEEP.pdf

Hi Melissa, Susan and Cheryl,

EPA HQ is asking the Regions to send letters to our states encouraging the adoption of EPA's new national recommended criteria for recreation and ammonia aquatic life. I've attached an example letter that was sent to Connecticut so you can get a general idea.

We wanted to give you a heads up that we will likely be sending some version of this letter to you in April – recognizing that it needs to somehow fit in among all the other priorities you are working on. I just left Cheryl a voicemail to let her know about this as well. We can talk about that further, but before we send the letters, we are curious if you have any feedback or questions you'd like to discuss? I know this is a very busy time for you, so please let us know when you have a chance.

Thanks in advance.
